TEARING THROUGH '92

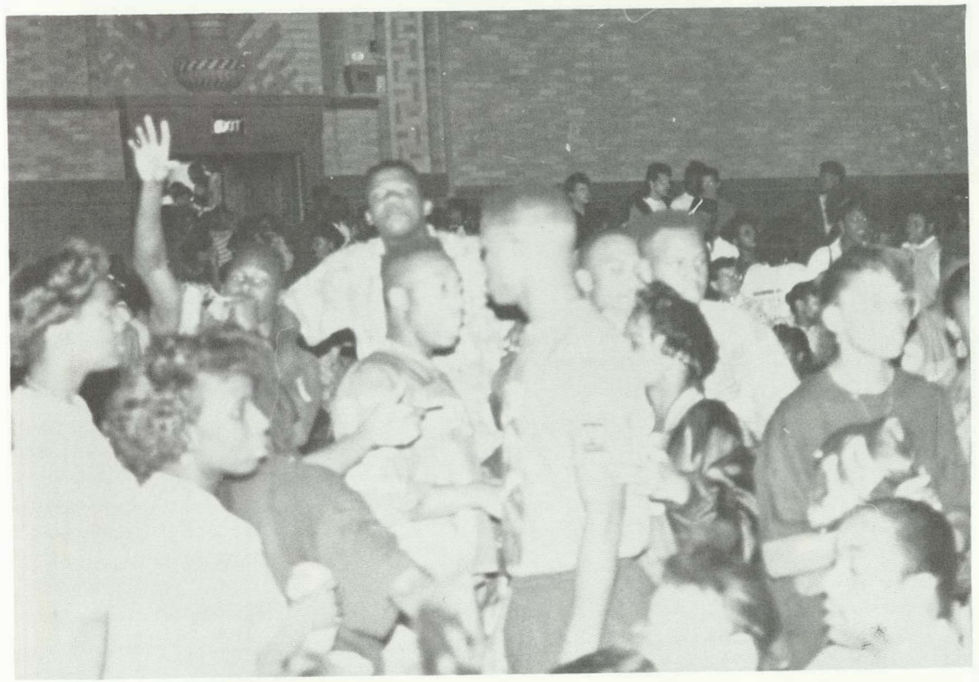
The Bulldogs Are HERE !!

Fired up, up , everybodies fired up !! Yes, the Bulldogs of '92 are fired up and ready to take charge. Coming through strong and hard and being on top are just a few of the many things you can expect to see coming out Wyandotte.

These expectations extend further than just the playing field, goes for the classroom as well. With the new changes going on and the students who are hyped and ready to go, you can expect to see great things.

Tearing through '92 is our way of letting everybody know that the Bulldogs here and we are most definetly ready to take control to the fullest extreme, so watch out!

Check out the Drill Team as they shake their thang.



Everybody's hyped and ready to kick it at the first pep assembly.

What a Difference it Can Make, When you Care

The new principal at Wyandotte High School shows us that he means business. He is a man of high standards and high expectations. It is to be said that he works hard to satisfy his expectations of his school, students and faculty.

Who is this man, Mr. Jeffery Stewart? He comes to us from Grandview, Mo., as a hard working principal. Before that he was in Houston, Texas. Mr. Stewart says that he came to Wyandotte because he thought it would be a good opportunity to work with the students here. He also wanted a change in his environment.

As you all know Mr. Stewart likes "WALK AND TALK," and "MAKE GOOD DECISIONS." Mr. Stewart says that 95.5 percent of the students are fantastic in good behavior, but the other .5 percent of the students give Wyandotte a bad name.

Mr. Stewart thinks that students need to have a higher expectation of themselves academically, and the ones that do well need to try harder to do better.

Mr. Stewart says, "Students need to learn to make good decisions, control their destiny and maximiz etheir e periences while they are here."

> ***"Students need to learn to make good decisions, control their destiny and maximize their experiences while they are here."***

The rest of the administrative staff says that he has good methods in handling discipline and achieving responsibilities.

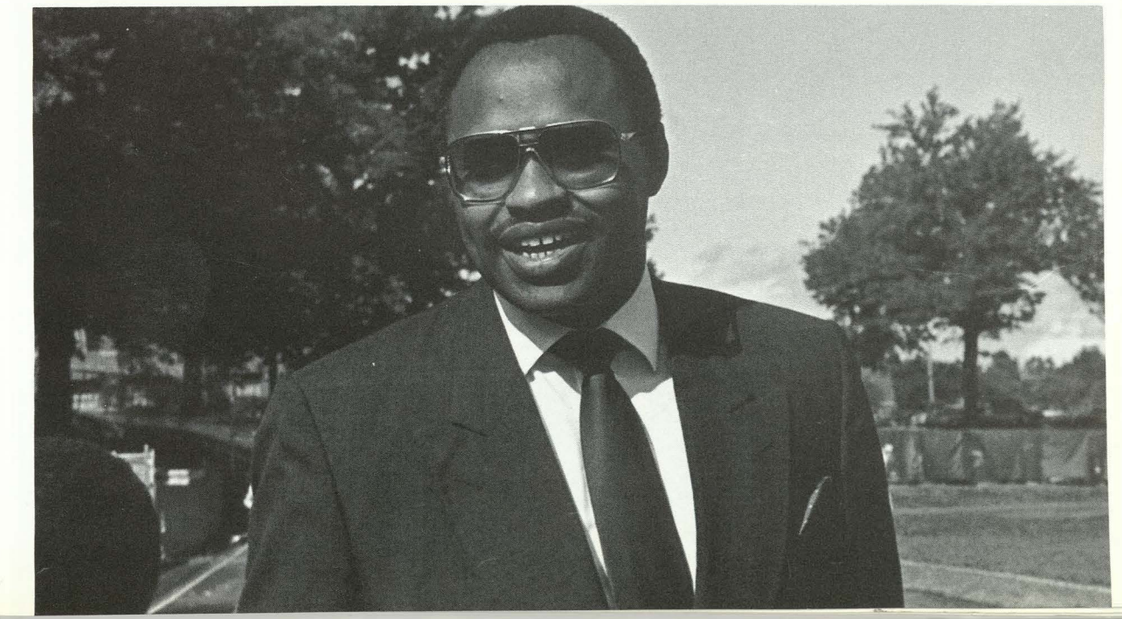
They alsosay that he enforces and is very clear on the rules. He also is very clear on consequences that violators will face.

Mrs. Gloria Johnson, assistant principal, leaves a message to all students: "Mr. Stewart gives no mercy for those who are not serious about getting an education."

Mr. Stewart has a style, that in a way he is like our previous principal, Mr. Johnson, and a way that he is different. He is the same as Mr. Johnson because they both relate good with students and staff. He has a good sense of humor and he is firm but fair.

In contrast to Mr. Johnson, Mr. Stewart makes contracts. For example, if a student has problems with tardies or absences, he will suggest that if the student is not tardy or absent 95 percent of the time he will lower the penalties.

By Leon Hernandez



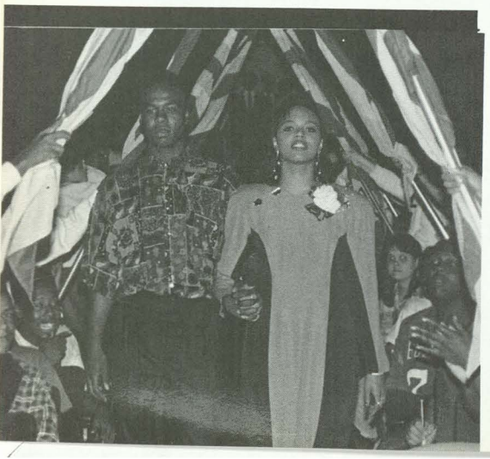
Adrian Beard and Paulita Holder.

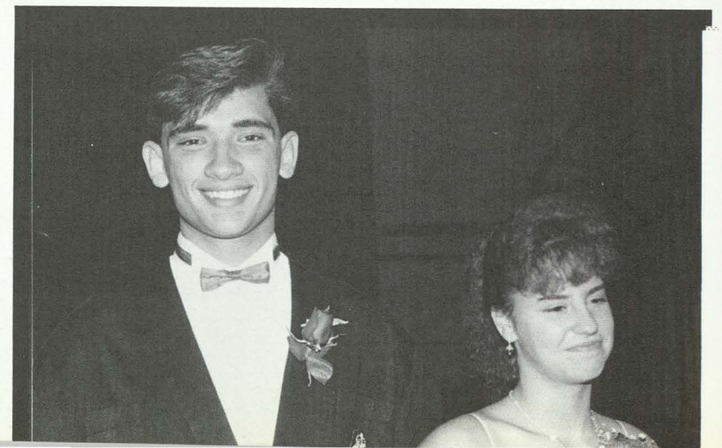
Aaron Kelley and Kelly Hamilton.

Homecoming King Tony Guess and Queen Cicely Adams

Tony Guess And Joy Wakefield

Joey Dutcher And Jenny Williams





Homecoming 1991

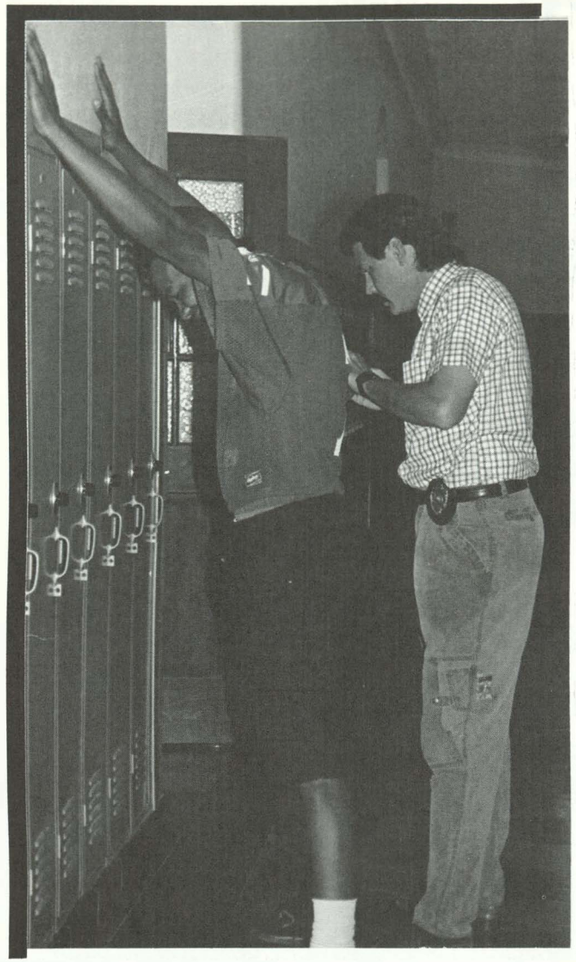
This year's Homecoming was a great and exciting one. Even though we lost the Homecoming game 14-6 against Washington, the football team did a great job trying to defeat Washington.

Another exciting event was the crowning of the King and Queen, which was done at the Pep Assembly held in the Auditorium, and the Homecoming Dance held October 5 from 8-11p.m. in the East Cafeteria.

The Homecoming boy candidates were as follows: Tony Guess, Adrian Beard, Aaron Kelley, Melvin Lane, and Joey Dutcher. The girl candidates were as follows: Cicely Adams, Kelly Hamilton, Jenny Williams, Paulita Holder, and Joy Wakefield.

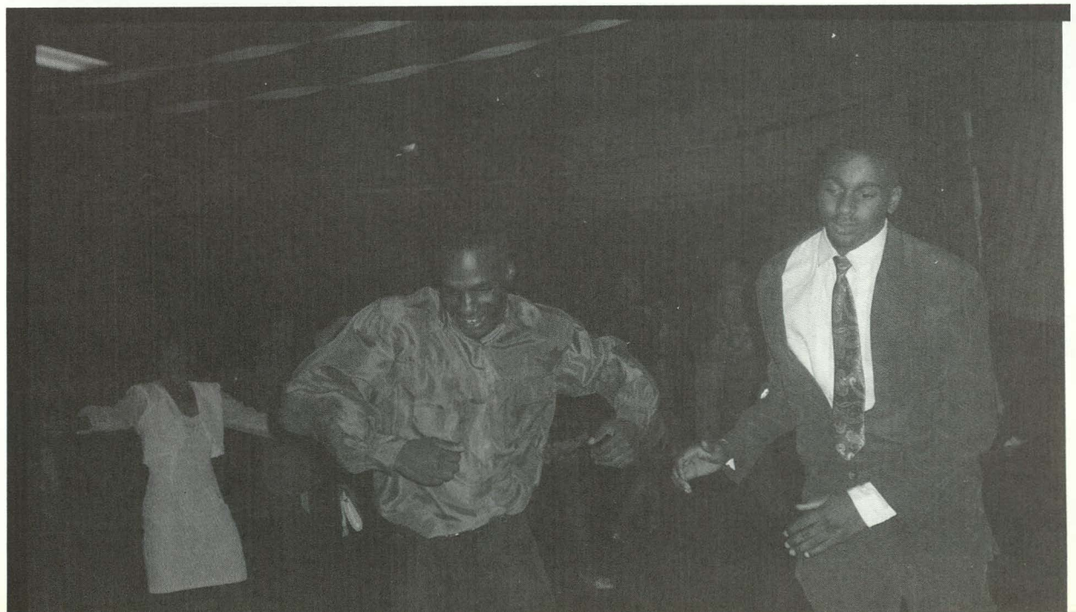
Congratulations goes to Tony Guess and Cicely Adams who were crowned 1991-92 Homecoming King and Queen.

Leslie Braswell



Homecoming King Tony Guess gets "arrested" after Tee-Peeing someone's house.

Antonio Jones and Frank Boswell boogie down at the homecoming dance



Hair varies in style

Nowadays, there are a variety of ways to wear your hair, whether it's high, low, long, short or even shaved for that matter, it's all in style. Everybody likes to be unique and adding a little color is one way to be different.

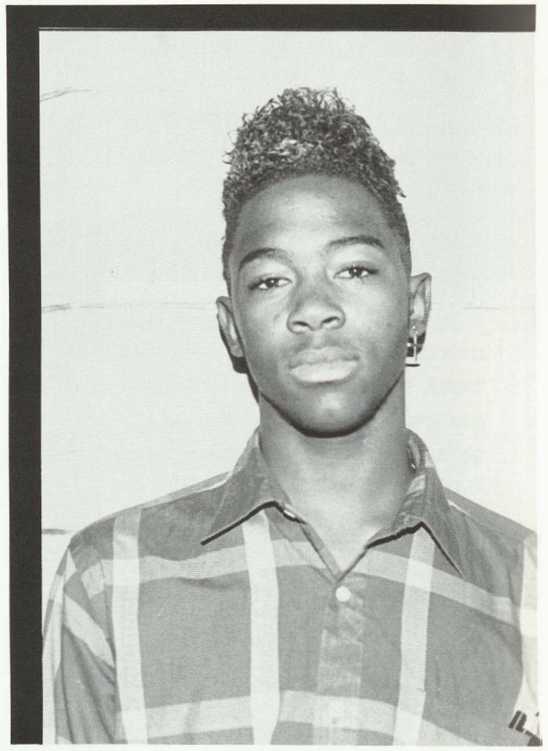
The most popular hairstyles for the ladies are the wrap and the freeze. Not everybody can wear these hairstyles, so they make their own styles. "I create my own hairstyles just by looking at everyone else and deciding to be different." says senior Cicely Adams.

High top fades are not the only styles that the males can were, they too wear freezes believe it or not. For some fellas, they prefer to have a high top fade with their name or a popular saying shaved in the back.

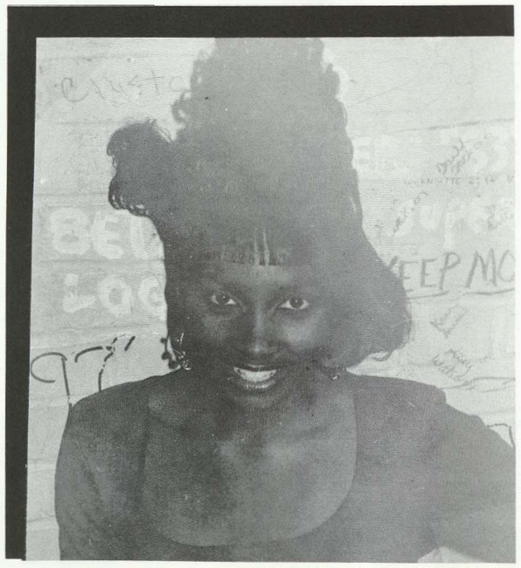
Whether your hair is fried, dyed, or just laid to the side, it's always got to look good!

By Demeeka Canady

Joseph Jefferson shows his style with a freeze.



Cicely Adams is in style with a colorful weave design she did on her own.



RUDY: The Best Mascot

No one can get a pep assembly going better than Rudy. Not since 1965 has Wyandotte had a real live mascot.

Mrs. Anna Smith, the physical education teacher, found Rudy at Animal Haven when she went to adopt a pet. Rudy's owner is the executive director of Animal Haven.

Rudy for two years has been coming to all home football and basketball games, also some surprise appearances at away games.

"Rudy adds more spirit to our school," said Mr. Mark Russell, teacher .

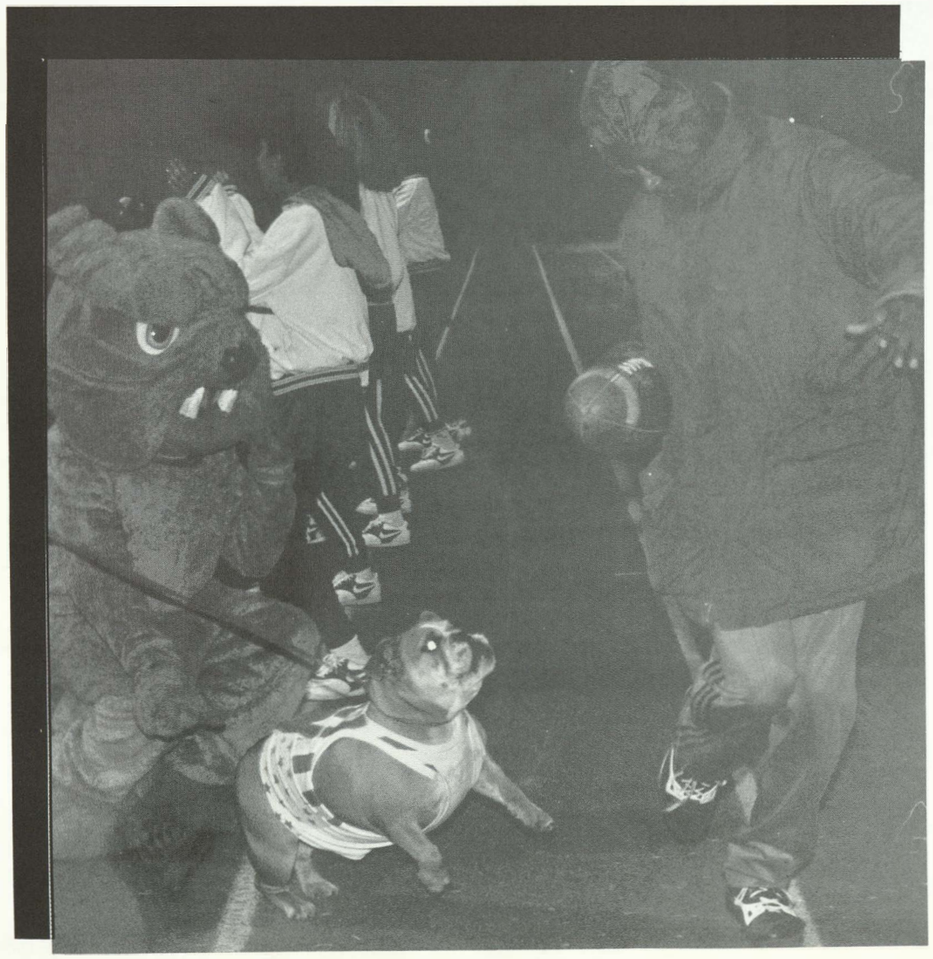
"He symbolizes the Bulldog in our school,"said Senior Tony Jackson. Rudy's owner, Jack Halstead, will be settting up a Bulldog Scholarship for Wyandotte students.

When asked how Rudy feels about Wyandotte students. He responded: "Ryandotte Rulldogs Rule"

Translated: "Wyandotte Bulldogs Rule"

By Nena Morsden

Lary Batemen runs as Rudy tries to get the football at a Wyandotte game.



Earrings are in style in the Ninties

Earrings seem to be the in style for not only the females, but the males as well. How you wear them and where you wear them is all up to you. The latest fad for the ladies is getting them put in their nose. For some, that may be just a little bit too painful so some ladies prefer to get four or more holes in one ear and two or more in the other. Only the bold can do both.

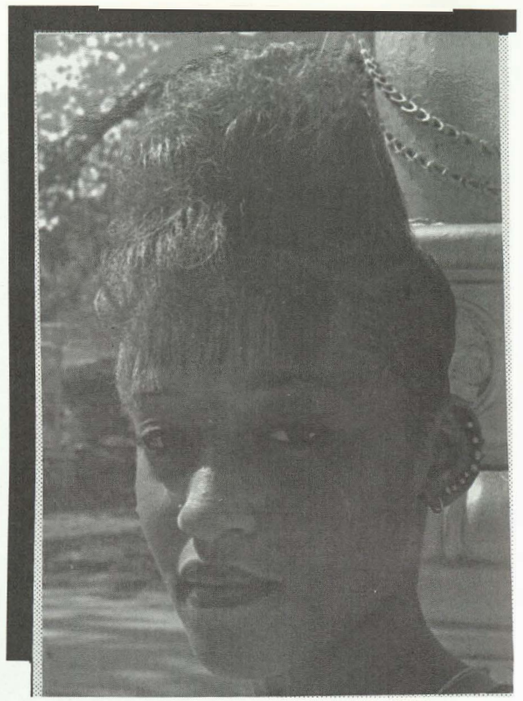
For the fellas, getting an earring can mean many different things. Some fellas get them because it makes them feel sexy, and others get them to impress the ladies. Getting an earring in one ear and two in the other is how most young men like to sport their gold.

Getting an earring, whether its in the nose or the ear, is not a style that everyone can wear. "A nose ring can make some people look very attractive," says Junior Akilah Perryman. Akilah has 11 holes in one ear (and 3 in the other), she also has a nose ring.

"I just decided that that was something I wanted to do, so I pierced my ears myself and it wasn't painful at all," explains Akilah.

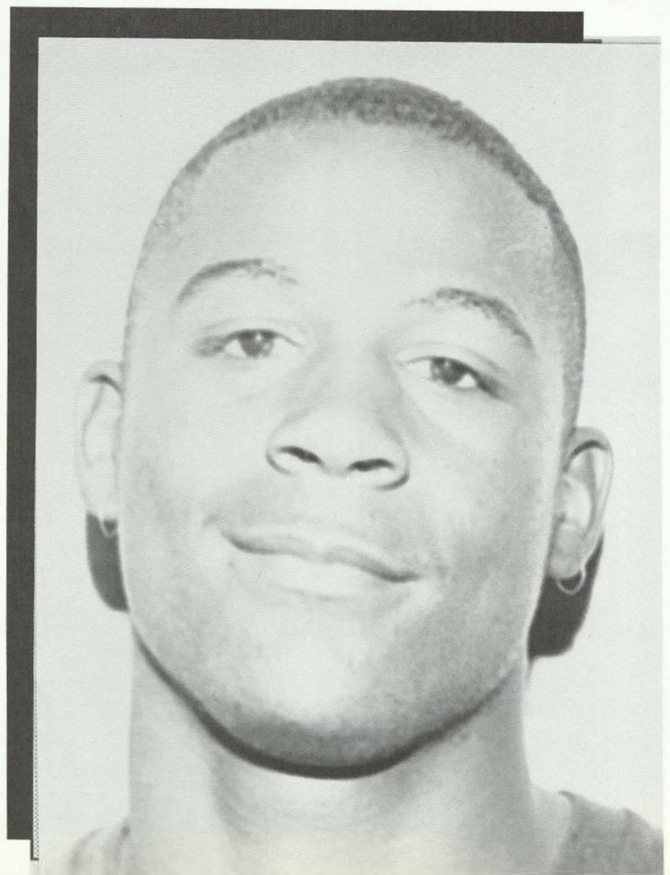
One can only wonder how much longer this fad will last or where else they'll decide to put their next earring. Hmmm.

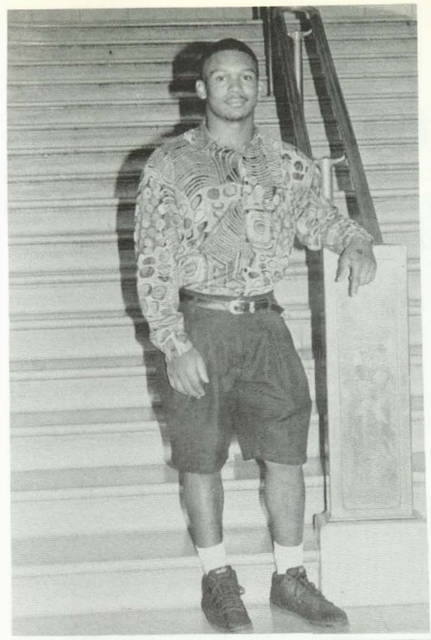
By Nedra Williams



Sunny Paige proudly sports her nosering along with her many different earrings.

There's no shame in Darryl Jumper's game as he shows off his earrings.





Fashion in 1992

What's in, what's hot, what's out, what's not. As the year and seasons change, so does fashion.

There are many ways to express yourself in fashion, whether it be making a statement with hair, clothes, the latest jewerly, all that matters is that you get your piont across. By doing that others will follow.

By LeDarious Johnson

Seniors Adrian Beard, Joy Wakefield, Lawrence Petty pose in some of the styles in the '90s.

Wyandotte still standing after many years

What started as a fire in a trash can at 9th and Minnesota Avenue in 1934 turned out to be the beginning of a brand-new "superstructure."

There were dreams of the new school structure to be built before the destruction of the first "Wyandotte High School" named Kansas City, Kansas High School.

The $2,500,000 structure located at 25th and Minnesota has 85 classrooms, 1,838 auditorium seats, and 1,900 gymnasium seats. Roy A. Edwards Stadium seats 5,000 people and the Recital hall can seat 250 people.

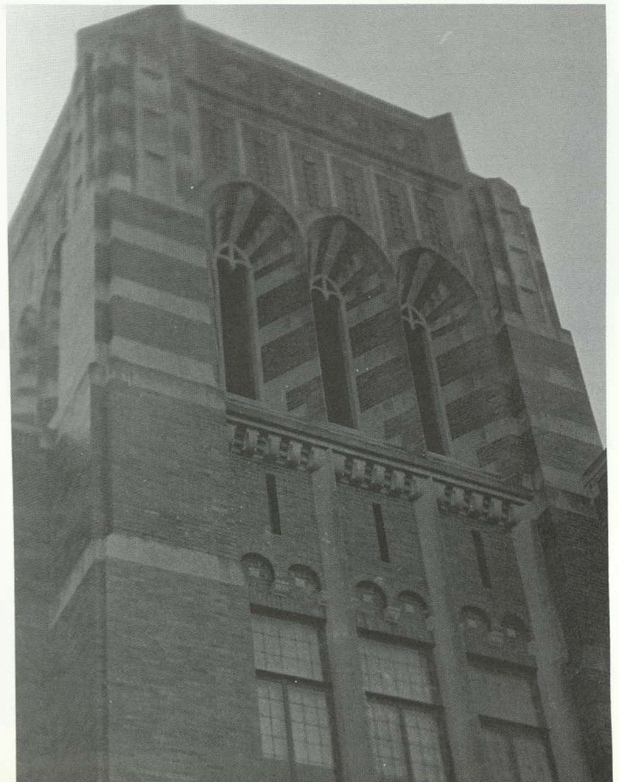
Wyandotte High School is known for its elaborate architecture. Many visitors gasp at the sight of the two-story auditorium. Pottery hangs on the wall containing the theatre lights. Around the lights there are brick designs that appear as trees and pyramids. The trim of the auditorium is animal shapes that look Egyptian.

Above the auditorium entrance, the bricks are arranged so they appear to look like tapestry work.

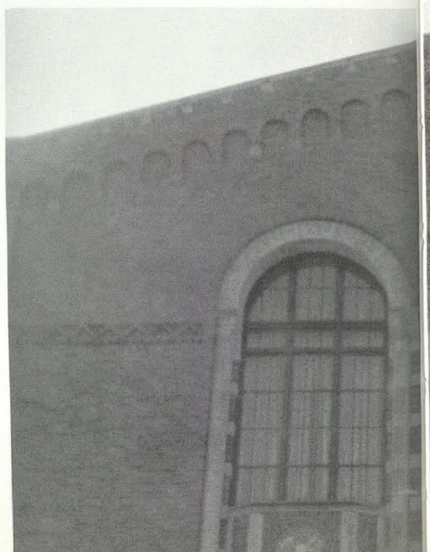
As you walk toward the main entrance to the gym there are brick arrangements that represent three major Wyandotte sports.

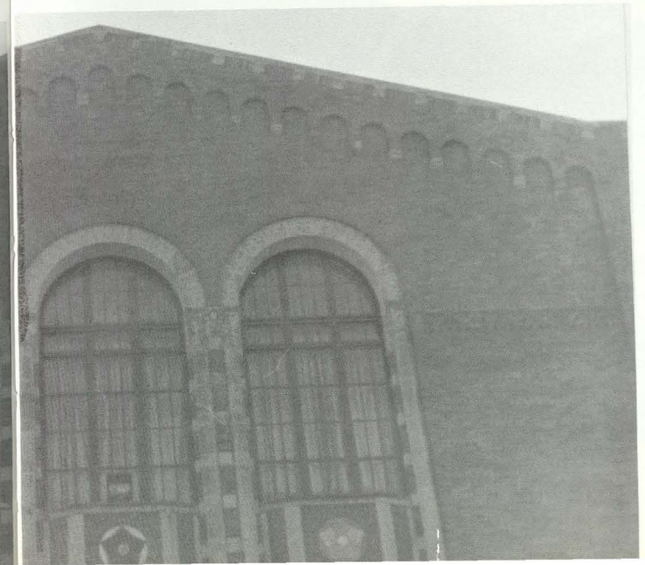
A few years ago Wyandotte High School was placed on the National Register of Historical Landmarks for its architecture.

By Carrie Hardy



Wyandotte has two towers that can be seen from a long distance.





Here are two views of Wyandotte. There is still a rumor going around that Wyandotte used to be a prison.

TAKING TESTS

SAT's and ACT's are the major tests for getting into college.

Each year, more than one million high school students take the PSAT, the ACT, and the SAT. These, of course, are tests that you have to take if you want to go to college. The best indication of how well you will do in college is about how well you do on the tests.

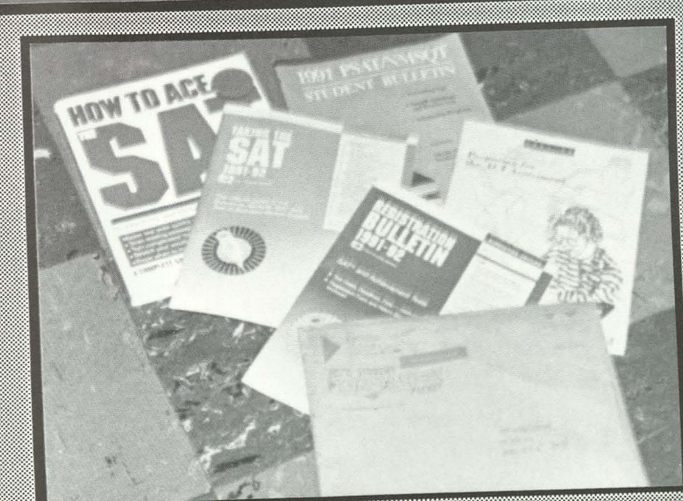
The PSAT (Preliminary Scholastic Aptitude Test) is a test that prepares students for the SAT. Most students take this test during their junior year of high school. The test consists of mathematics, reading, and English questions. Sara Phelps, a junior at Wyandotte, stated: "The math was the hardest part. I'm glad that the test is over. Now I've got to get ready for the SAT.". Greg Grant, a senior who took the test last year, said: "It was pretty hard, but some of the questions were easy.".

After the PSAT comes the SAT and ACT. These are the most important tests to take to get into college. Like the PSAT the questions on these are multiple choice and hard. Both tests are made up of verbal and math sections.

The College Board, which supplies the tests, also gives out study guides to help high school students do well on them. These study guides can be found in the counselors' office.

By Laura Martinovic

Studying is a very important thing to do for taking the SAT and the ACT. Jennifer DeLong is getting ready for the SAT by studying.



Study guides and other materials can be used for getting ready for the SAT and ACT. These guides and lots of others can be pretty useful.

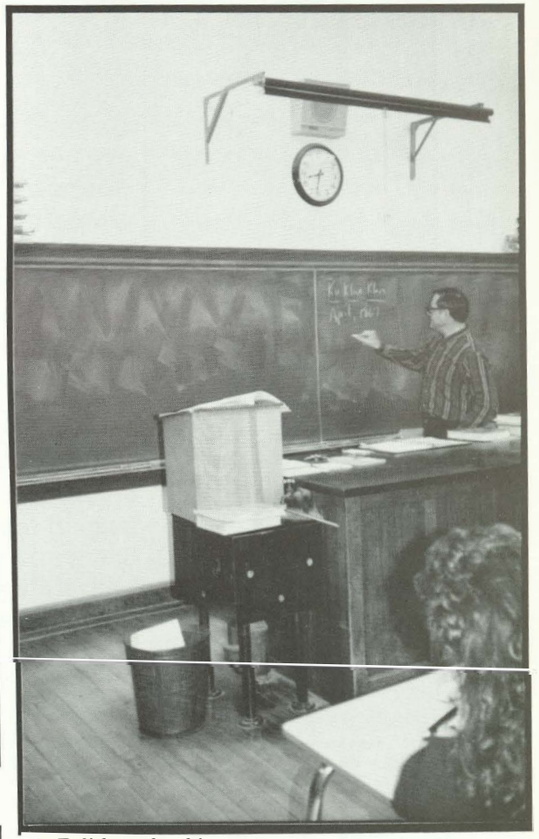
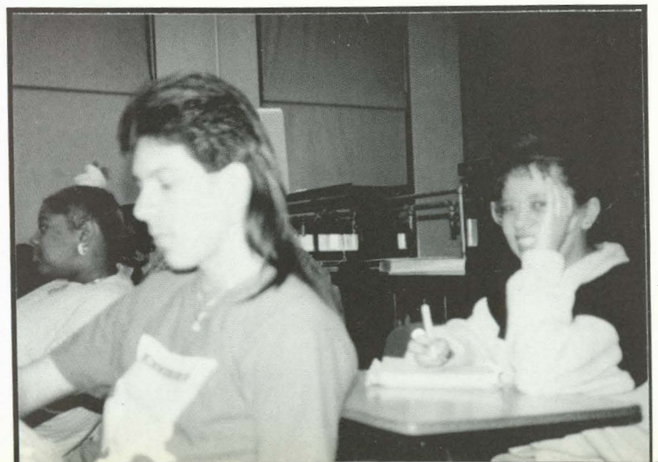
Mr. Delich's class learns about events that have happened in American History.

Social Studies & Learning Disabilities



Mr. Delich teaches his students about important issues from the past. Many of these issues are war, the Ku Klux Klan, and civil rights.



Julio Torres and Maria Valdez work on assignments in Mr. Delich's fourth hour American History class.

Teachers get INVOLVED

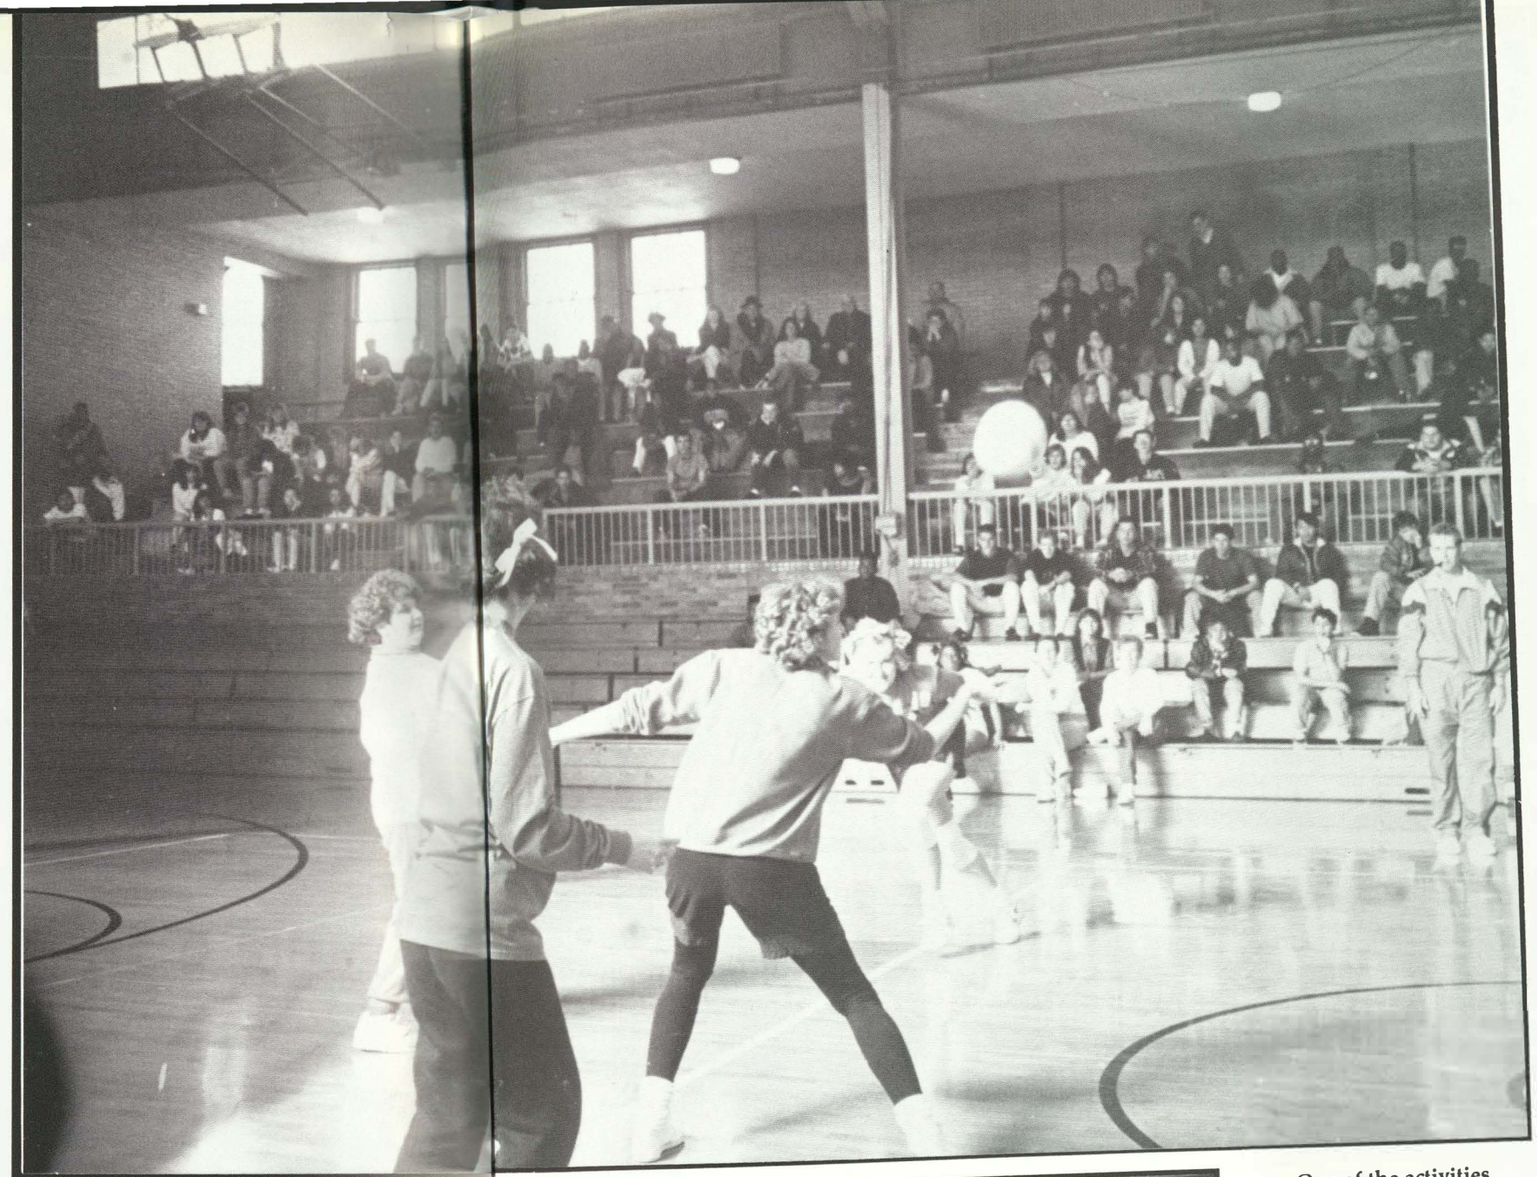
By Laura Martinovic

It's the beginning of a new day and you go to work. You are the teacher, and you teach. Not only do you do that, you are also the sponsor or coach of an activity or sport. This is the schedule for more than half the teachers at Wyandotte because more than half the faculty are involved in school activities.

Mrs. Walker, algebra teacher, also sponsors StuCo. "I love it. It's a great way to get to know the students out of the classroom. "

Teachers don't always get involved in school activities and sports to keep themselves busy, they also do it to keep up with things that are going on around the school, to keep in touch with students and other teachers, and to show that they care about the students and the school.

There is kind of a disagreement in the case of having more club activities, though. There are teachers that think Wyandotte should have more of them, but there are also some who think not. "I think that Wyandotte has enough activities." said Mrs Walker, "Wyandotte doesn't have a very large staff, so we really should't have more than we can handle."



One of the activities that keep teachers involved is the Senior-Faculty volleyball game, which is in the fall.

"I love it. It's a great way to get to know the students out of the classroom."

Mrs. Sharon Walker, Algebra teacher

Many teachers busy themselves with sponsoring activities and/or coaching sports. Pictured here is Mrs. Anna Smtih, Girls' Phys Ed. teacher, who also teaches a dance class at Wyandotte.

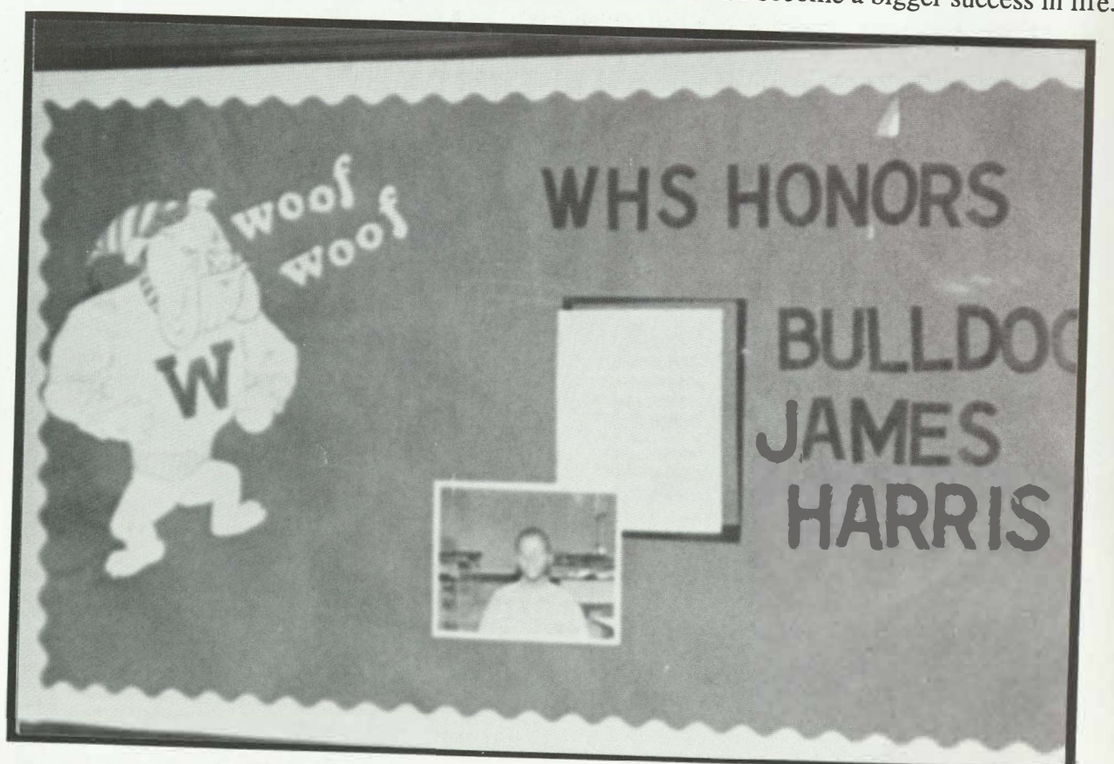
WHS Declares Dec. 4 as James Harris Day

Hard work, self-discipline, and studying really does pay off, just ask sophomore James Harris, the 1991-92 Student of the Month recepient. "My personal morals and values keep me doing good along with the grace of God," say James.

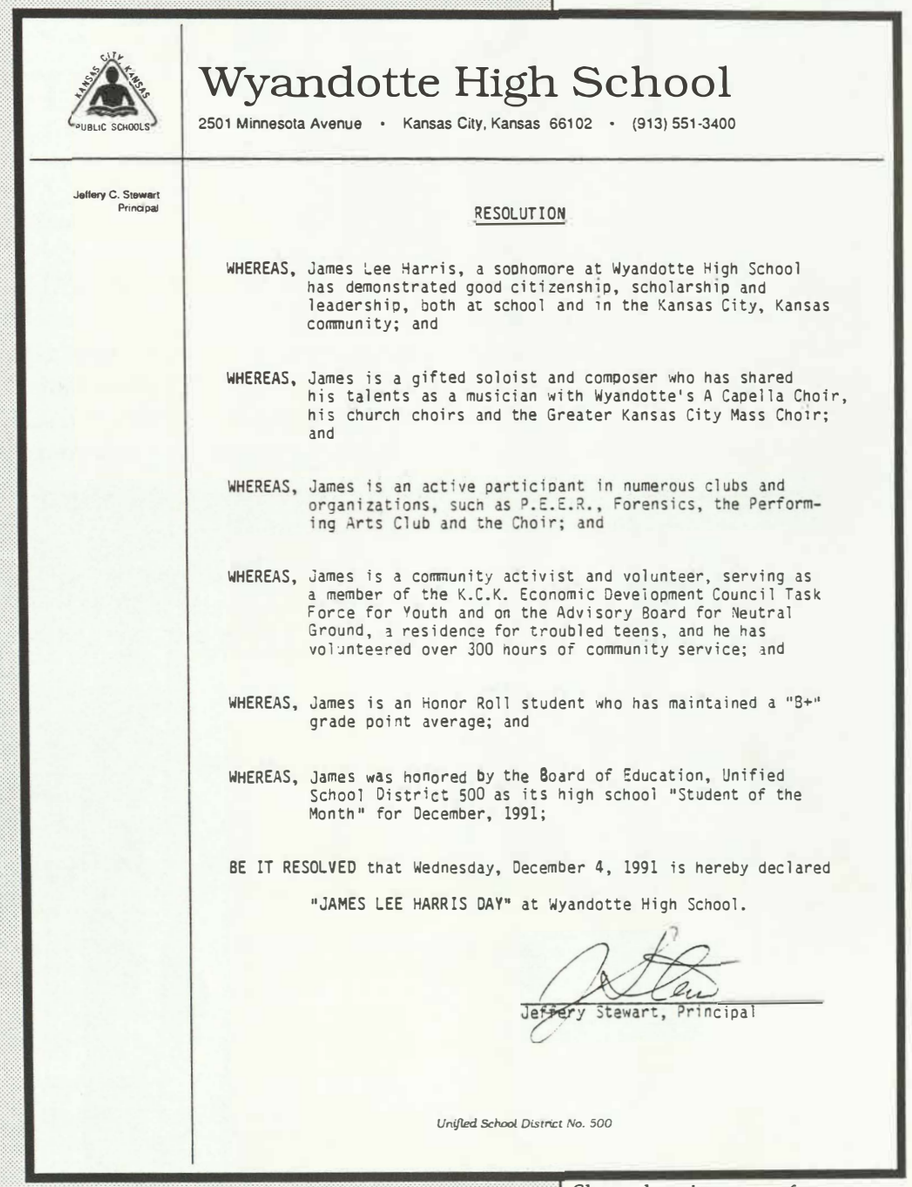
James was chosen as Student of the Month out of the entire district. "I like the recognition," says James, "words cannot express the joy I feel."

Principal Mr. Jeffery Stewart was so proud of his student, that he set aside a day just for James. "Having a day named after me was like a dream come true," explains James. "I would like to thank the student body , the faculty, and most of all Mr. Stewart for giving me such an award."

James Lee Harris plans to continue his hard work so that he can become a bigger success in life.



The bulletin board in the front hallway was decorated so that everybody would know about James Harris. The sophomore was honored for his demonstrations of good citizenship and leadership in the community as well as school.



Wyandotte High School

2501 Minnesota Avenue • Kansas City, Kansas 66102 • (913) 551-3400

Jeffery C. Stewart
Principal

RESOLUTION

WHEREAS, James Lee Harris, a sophomore at Wyandotte High School has demonstrated good citizenship, scholarship and leadership, both at school and in the Kansas City, Kansas community; and

WHEREAS, James is a gifted soloist and composer who has shared his talents as a musician with Wyandotte's A Capella Choir, his church choirs and the Greater Kansas City Mass Choir; and

WHEREAS, James is an active participant in numerous clubs and organizations, such as P.E.E.R., Forensics, the Performing Arts Club and the Choir; and

WHEREAS, James is a community activist and volunteer, serving as a member of the K.C.K. Economic Development Council Task Force for Youth and on the Advisory Board for Neutral Ground, a residence for troubled teens, and he has volunteered over 300 hours of community service; and

WHEREAS, James is an Honor Roll student who has maintained a "B+" grade point average; and

WHEREAS, James was honored by the Board of Education, Unified School District 500 as its high school "Student of the Month" for December, 1991;

BE IT RESOLVED that Wednesday, December 4, 1991 is hereby declared "JAMES LEE HARRIS DAY" at Wyandotte High School.

Jeffery Stewart, Principal

Unified School District No. 500

Shown here is a copy of the resolution that declared James Lee Harris Day.

Wyandotte's chapter of the National Honor Society was started January 20, 1925. The NHS in the high school level is for 10th, 11th, and 12th graders. You must have a GPA over all of 3.25, be involved in school activities. Also have leadership and good character. The four things that the students mut have are scholarship, leadership, service, and character. The activities the students are involved in are community services, and food drives.

Mrs. Arioli commented about NHS, " I cannot think of anything I dislike. I NHS because it's members are the most outstanding students at Wyandotte High School."

not pictured: Demeeka Canady, Richard Carmona, Tina Clayborne, Lar Cobbins, Arlan Freeman, Tony Guess, Jazayle Jhonson, Tammy Jordon, Li Lewis, Laura Martinovic, LaShasta Payne, Lamont Richardson, Bruce Xion Clarissa Thompson

Students of all grades helping other students with the problems of everyday life is what PEER is all about. This organization is not only involved with high school students, but middle schools and grade schools as well.

Putting on skits, giving choices, and just being a friend is just some of the activities that PEER participates in. Their goal is to be positive role models and let students know that there is always someone there to talk to and someone there to help.

Instead of giving advice, PEER students offer choices and help you, the student, make the right decisions. They put themselves in a situation and tell you how they would handle it.

To be a PEER leader you do need special training. There were training sessions at KCKCC and a PEER retreat in Leawood, Kansas. "I thought the PEER retreat was enjoyable and very educational," says Floydine Boyd, a two-year PEER counselor. "It was better than last year's session because it was on a more personal basis,"she adds.

PEER students are around to be a friend, a listener or when you just feel down and need a hug, they are always there.

By Demeeka Canady

Students Experience Capitol

Four Wyandotte students got a chance to visit Washington, D.C. for the Close-up program. The Close-up foundatio sponsors a government program for students to learn about the Fedral government.

Students are chosen after writing an essay and being interviewed by a panel of teachers and administrators. The four students chosen went to Washington, D.C. in January with Sponor Mr. Young.

Marching Down The Road To Success..

Most of Marching Band is composed of people willing to work hard and ready to memorize the music and that's two of the main ingredients for a successful band. The band has practiced on the field or marching around the school building during 5th hour to prepare themselves for half time performances. The band also performs throughout the course of the year in several events in our school and community, like football and basketball games, pep assemblies, parades, and in contest.

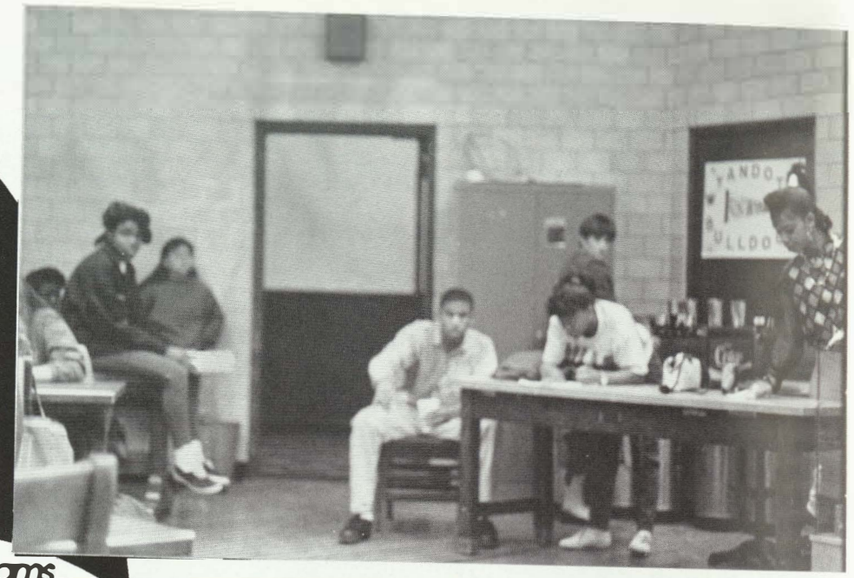
Dancing Bulldogs Show Their Stuff

Ondre Durham follows Mrs. Smith on a specific dance move.

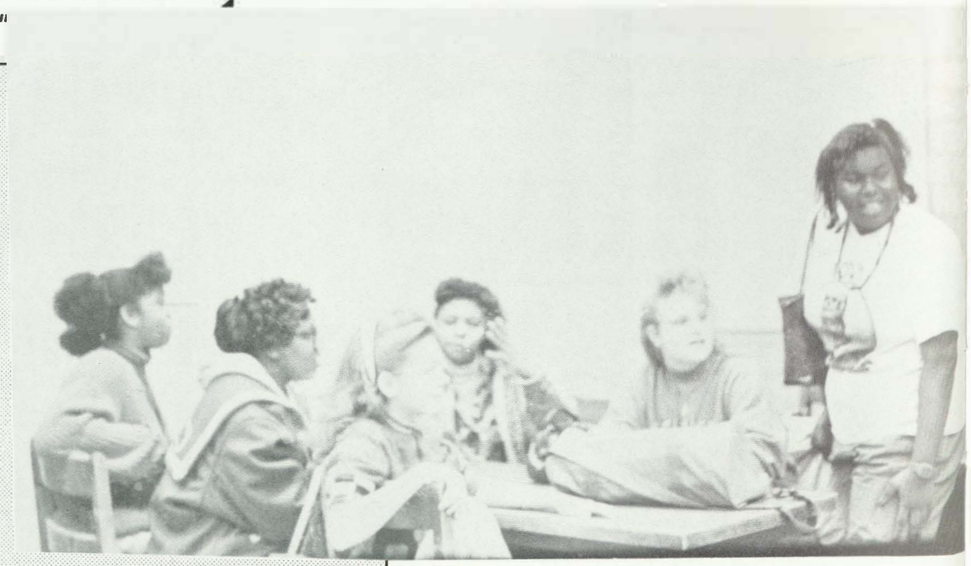
The Rhythm and Dance class is held 7th hour 1st and 2nd semester. Because of its popularity, another semester had to be added to Wyandotte's curriculum. The class consist of young ladies and young men 10th - 12th grade. Mrs. Anna Smith, instructor, said, "The students should use their flexibility more instead of being so lazy." Mrs. Smith really enjoys working with the studens. Monday and Tuesday they work on ballet, Wednesday through Friday they do jazz. The class goes on field trips through out the school year and at the end of the school year the class along with other performers put on a show.
By Tonya Reed

These dance students listen to instructions given by a guest instructor.



Student Council waits quietly before they begin with the meeting.

Senior Cicely Adams said, "I like STUCO because it is a good opportunity to meet new people and acheive new challenges."



Student Council talks about things they discussed after the meeting.

Students At Work

Student Council is a group of students who do things for and about the students of Wyandotte High School. StuCo does various things throughout the school year.

To be on StuCo you must apply at the beginning of the year. Applicants are chosen based on GPA, teacher referrals and other information on the application. The members all ready on StuCo must reapply every year to ensure they are still interested and dedicated to Student Council.

Besides just working consession stands at varsity games, they deal with Student of the Month, Academic Achievers, Staff Appreciation, the Sweetheart Dance, Blood Drive, and various other service activities. When asked what she likes and dislikes about Student Council, Mrs. Walker responded by saying. "I love working with the kids. It's a great group of hard working and diverse students." She goes on with, "It's fun to work with them outside the classroom." She also replied to what she didn't like. "I dislike the lack of time we have to work together. It's hard to get everything done after school." She goes on to say, "It would be nice if there was a 'StuCo' class."

Student Publications and Journalism

The Yearbook Staff consists of fourteen students this year. The Editor in Chief and is Carrie Hardy, Student Life Editor is Leslie Braswell, Tonya Reed is Organizations Editor, Laura Martinovic is the Academics Editor, and Jakie Gard is the Student Body Editor LeDarious Johnson is the Sports Editor. Every day most of the students have a certain job to do. Some develop most of pictures others write stories and do the layouts. This year the Yearbook Staff got new computer called Macintosh Classics and we use Desktop Publishing which makes the layouts look better than before.

Wyandotte Student Honored

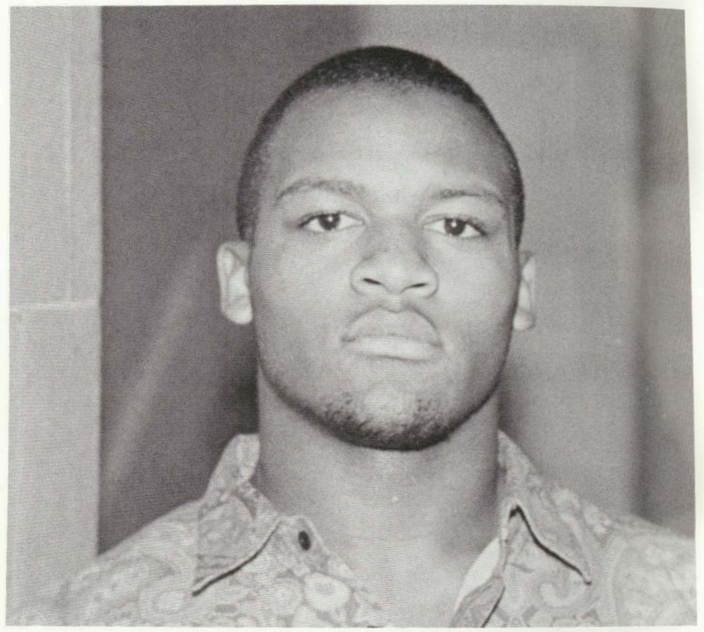
Top Bulldog: Lyron Cobbins Has His Own Day!

Wyandotte has had the honor of having two students named student of the month. In February the District chose Junior Lyron Cobbins, who is currently involved with DARE, Teen Hope, Project choice, and a member of the basketball and football team.

Lyron Cobbins is also a member of the Metropolitan Baptist Temple church, where he serves as Captain of the Youth Usher Board.

"I would not call myself a leader," says Lyron. "To me, a leader just sits back and gives orders to be carried out, I look at things that need to be done such as my homework and house chores, and I do them myself. My leadership experience is low because I'm going to work to succeed and that will lead to my success."

Lyron, youngest of eight children, plans to become an optometrist.



RESOLUTION

WHEREAS, Lyron D. Cobbins, a junior at Wyandotte High School has demonstrated good citizenship, scholarship and leadership, both at school and in the Kansas City, Kansas community; and

WHEREAS, Lyron is an outstanding athlete whose sense of team play and athletic prowess have contributed to Wyandotte's winning football and basketball teams; and

WHEREAS, Lyron is an active participant in numerous clubs and organizations, such as Teen Hope, DARE, and Project Choice; and

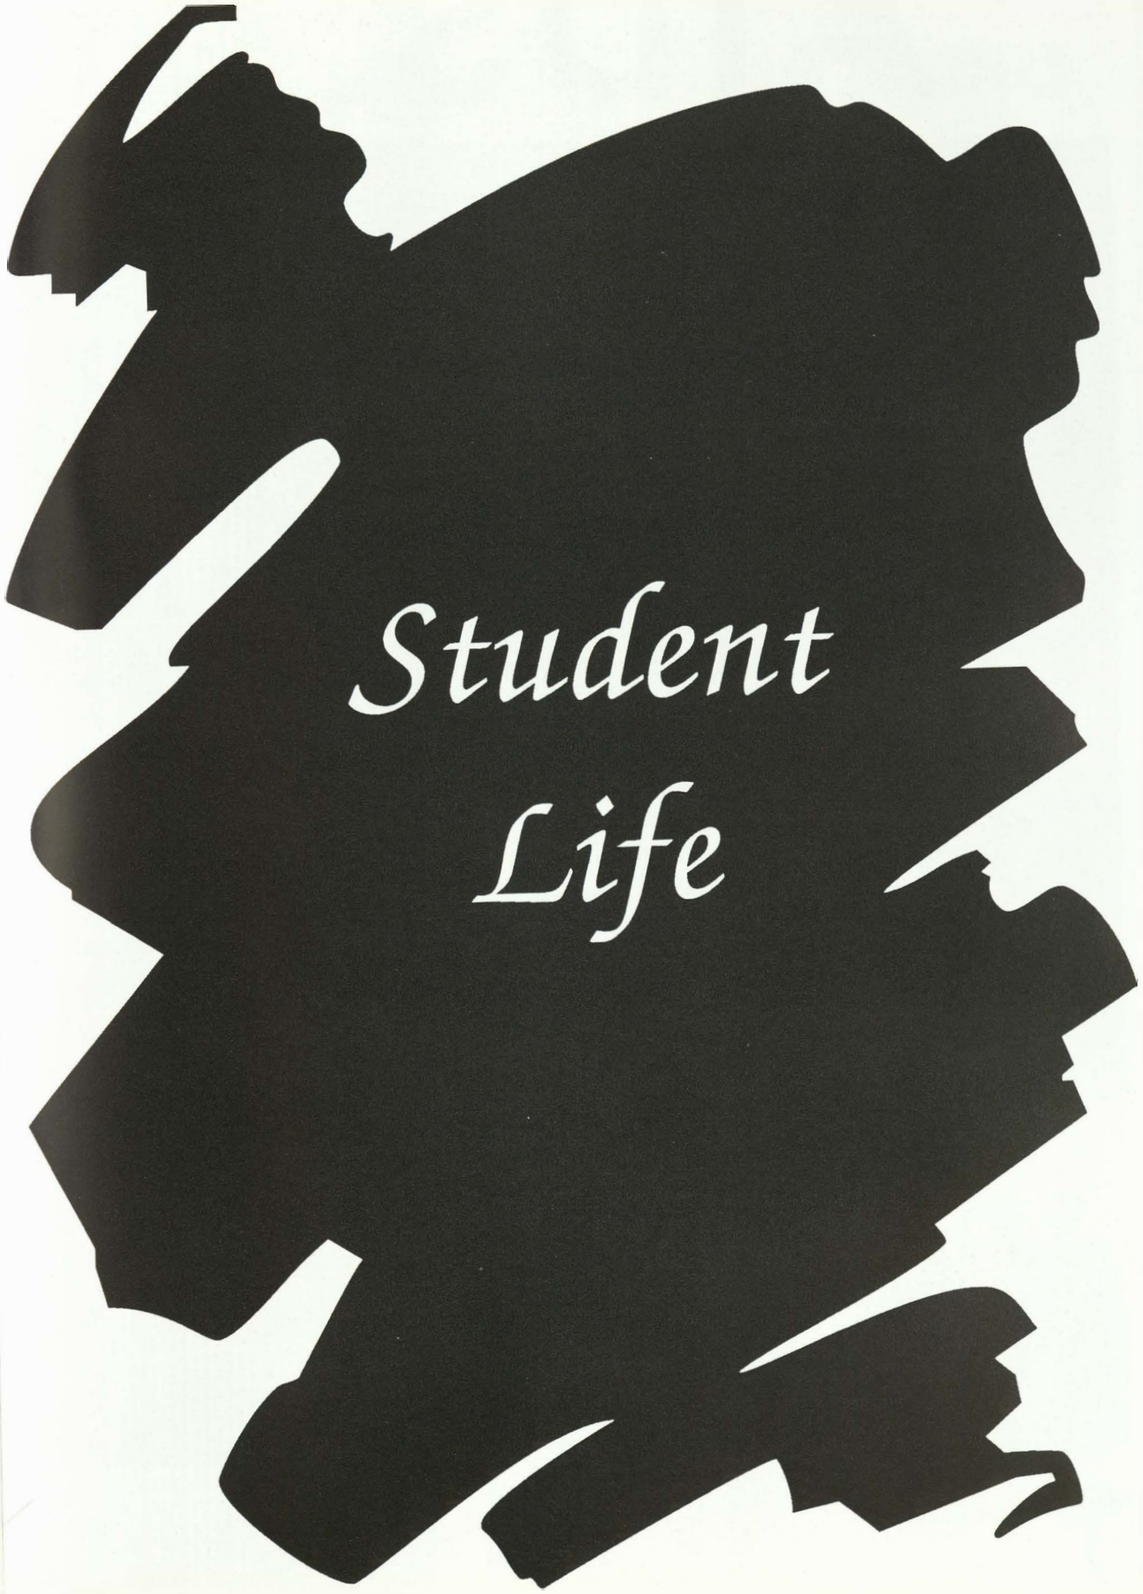
WHEREAS, Lyron has displayed exemplary leadership in youth activities at his church, at home and at school; and

WHEREAS, Lyron is an Honor Roll student who has maintained a "B" grade point average and aspires to be an optometrist; and

WHEREAS, Lyron has been honored by the Board of Education, Unified School District 500 as its high school "Student of the Month" for February, 1992;

BE IT RESOLVED that Tuesday, February 4, 1992 is hereby declared

"LYRON D. COBBINS DAY" at Wyandotte High School.



AIDS...

AIDS is a scary thing.

AIDS means Acquired Immune Deficiency Syndrome. It is an illness that occurs when the body's immune system breaks down. That is when the body can not fight off certain infections called "opportunistic infections." These infections can cause cancer and very serious, sometimes fatal diseases in people with AIDS.

In the United States, 25% of those diagnosed with AIDS are black men, women, and children. Forty three% of all black people with AIDS are IV drug users. Three of every 5 children with AIDS in the United States are black children. One of every 2 women with AIDS in the U.S. is black.

Some students feel that an AIDS education class should be put into the school system. Many parents feel that AIDS and sex education should be taught at home. In Wyandotte's community many parents are single and work hours that conflict with their children's schedules, therefore, parents and their children don't have time to talk to each other. In other casas, teens don't feel comfortable taking to their parents about sexuality and vice-versa

Are you safe from AIDS in school? Yes. The HIV virus is primarily spread through sexual intercourse and sharing needles with an infected partner. AIDS is contracted through infected blood, not through everyday school activities. You will not get the HIV virus from a handshake, a hug, a cough, a sneeze, sweat, tears, or food.

AIDS DOES NOT DISCRIMINATE

It's on everybody's mind

Senior, La Tonya Austin feels very strongly about AIDS education in schools. "AIDS should be taught to all kids no matter how old they are."

AIDS is a serious disease and can effect people in any way. Children should be taught the right way, instead of hearing rumors. They should get the true knowledge. What AIDS is. Where it comes from. How you can get AIDS. Can you or can you not get AIDS by holding hand with someone. The facts should be taught at school and at home by their parents or guardians.

Our children today are very special people in our lives and they need to live day by day. (Parents and teachers) should not be afraid to talk about AIDS, be glad children want to know. This is the true knowledge to want to learn about.

A conversation between two high school students: It's scary, thinking about AIDS.

I know. But it's even more scary to go along pretending that AIDS isn't out there! I wish we could talk about it in school more.

Information taken from "Teens & AIDS: Playing it Safe" and "Health Educators Facts"

A Night Of Memories

The Sweetheart Dance was held on February 8,1992 from 8-12p.m. Due to a sellout many students weren't able to attend. For the second year there was a king and queen from each grade nominated by their class the following freshmen were Reggie Chapman and Keshia Williams, sophomore were Eric Holmes and Rosalyn Berry, Juniors were Lyron Cobbins and Mattie Brown, seniors Melvin Lane and Paulita Holder. by Nena Morsden

These bulldogs are having the time of their lives, dancing to the beat.

Elanzo Manning and Angela Hardiman prepare to have their memories bestowed on film.

These Bulldogs wait to get their picture taken.

Tina Manning, Samantha Johnson and Felicia Carson take time from their dancing to pose.

Money! Money! Money!!!

How Much Does the Average Student Spend?

Being involved in school activities or just going to a game, students have the responsibility of paying. If you play any sport, sing in a choir, or play an instrument, there is a required cost of $20.00 for an activity ticket (the price did go up five dollars for the 1991-92 school year). There are also other obligations such as certain class costs, senior fees, Homecoming Dance, Sweetheart Dance, Prom, not to mention uniforms for cheerleaders, drill team, and choir members. After adding the bill up, you will see that the cost of an average student is pretty big, and it's on the rise for underclassmen.

Activity Ticket:	$ 20.00
Yearbook:	$ 24 - 36
Homecoming dance:	$ 6.00
Sweetheart dance:	$ 3.50
Prom:	$ 50 -75
Away Games:	$ 3.00
Senior Sweats:	$ 15.00
Senior Fees:	$ 10.00
Obligations:	$ 20.00

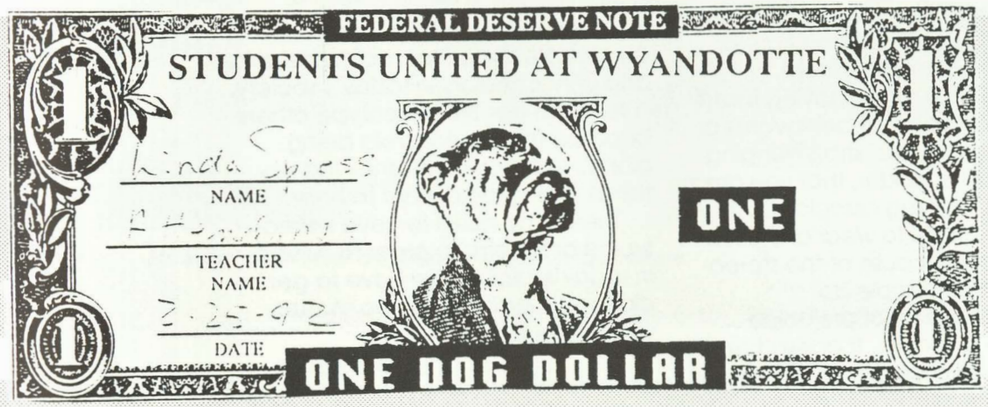
It's Expensive!

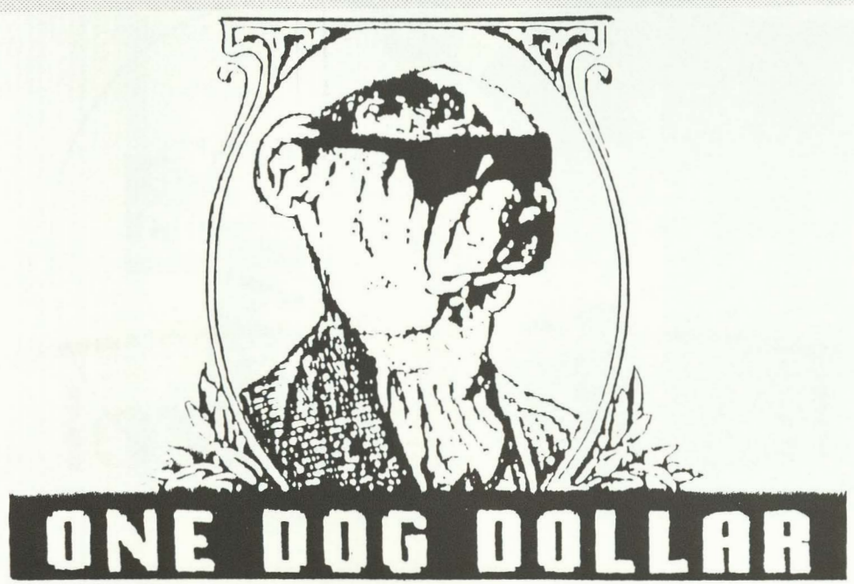
DOG DOLLARS

Dog dollars resemble a one dollar bill with a bulldog in the middle. They are given to the students for perfect attendence andno tardies in all of the classes. "It's a good idea to have some kind of reward for the students that come to school and learn." says Pier Jackson.

Dog dollars can earn you many different activities that the student council offer to those with dog dollars. We have had dances, pizza parties, and popcorn parties. Maybe we will have many more activities for those students who deserve it.

We have to thank the student council for the great parties! Keep up the good work!





Are you A Color...
Or a Person?

The dictionary defines racism as "the practice of racial discrimination or segregation." But, as you know, society takes it further than that.

We have more than racism to deal with. We also have stereotyping and many types of prejudices. There are many people who are stereotyping others, or don't like someone because they hang out with a certain group. There are many people who don't like others because they are a different color than them.

There are rumors saying that if you wear your hat backwards or have your overall strap hanging over your shoulder, that you are in a gang or gang associated. It's not even safe to wear any color anymore because of the stereotyping that people do.

There is a lot of prejudice against all colors. It doesn't matter if your white, black, brown, yellow, or red, because everyone has some type of prejudice. It could be against females or males.

Steve Harrison, a Senior here at Wyandotte, says that "For a long time, I have been blind to racism, but as far as stereotyping goes, I think that it's in everyone's blood. We were raised to see different races in such a way that our fathers did in the past. " He also feels that racism isn't a main issue in society.

Kelley Luttrell, a Senior here at Wyandotte, feels that racism is stupid and unneccessary in today's society. "I feel that people stereotype others because they try to avoid being alone. In other words, they just say things that people want to hear."

There is no need to have stereotyping or racism. In order to survive in today's society, we have to get along with each other, no matter what color we are.

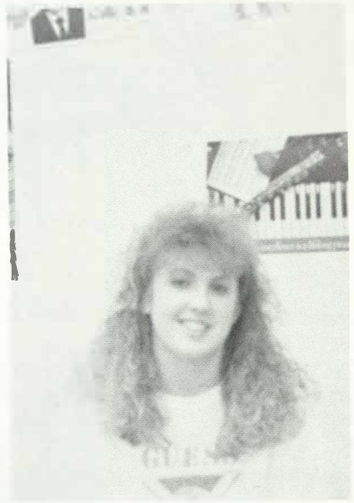
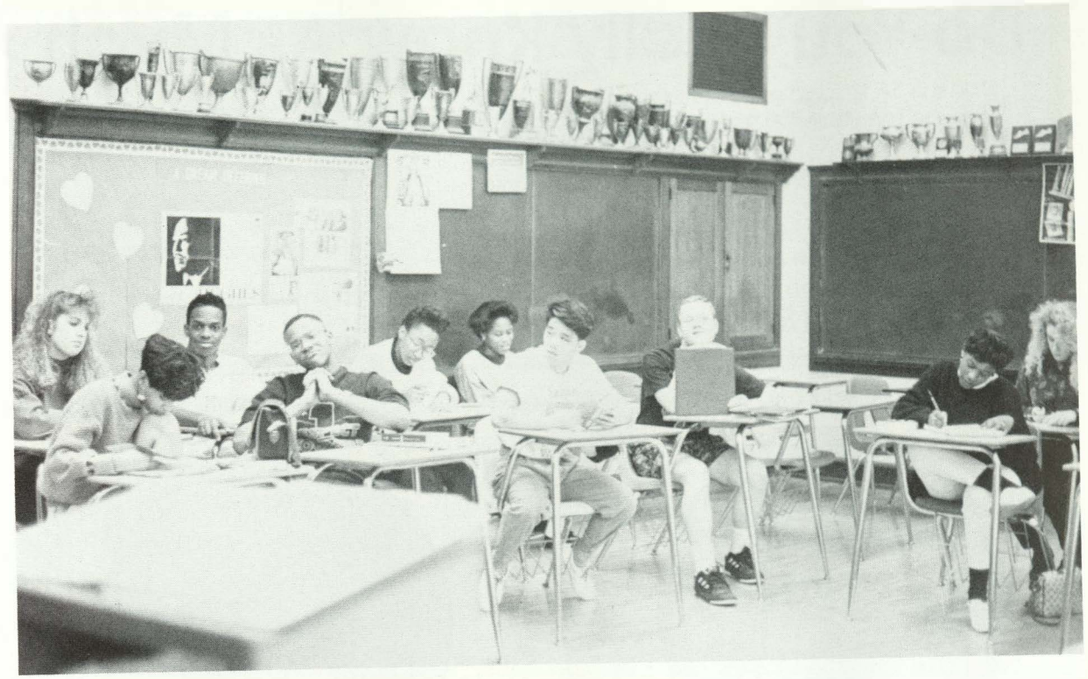
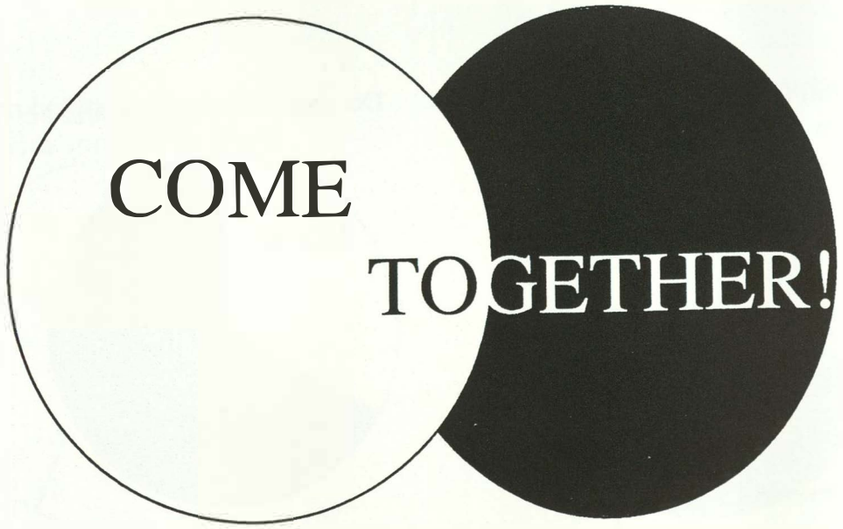
Kelley Luttrell





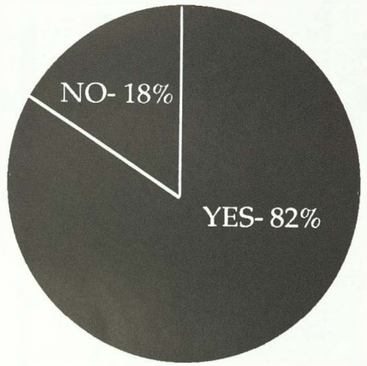
Ms. Sallee's fourth hour is a diverse class that's eager to learn.



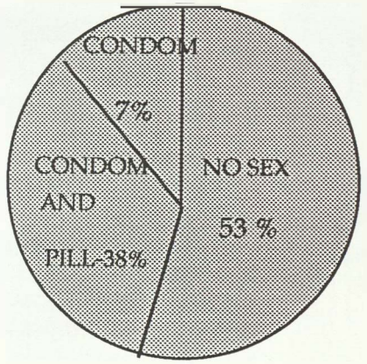
Do You Really Know As Much As You Think?

Approximately 400 students in grades 9-12 were surveyed in certain English classes about sex and birth control methods. Here are their responses:

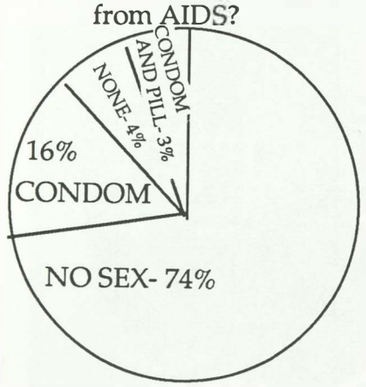
Have you had sex?



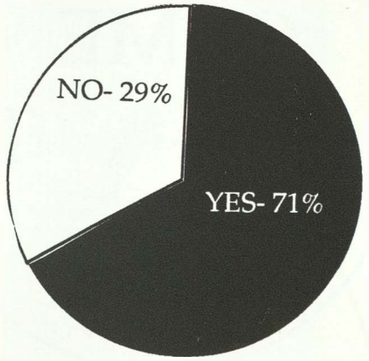
What is the most effective form of birth control?



What gives you the most protection from AIDS?



Do you feel enough people know about AIDS?



Many people think they know a lot about AIDS, and the truth is they don't know enough.

Signs of AIDS vary from person to person. In most people, though, they get swollen glands that don't go away. Others may get fevers or diarrhea. Many people lose weight for no apparent reason.

People infected with the AIDS virus are usually healthy looking and feeling.

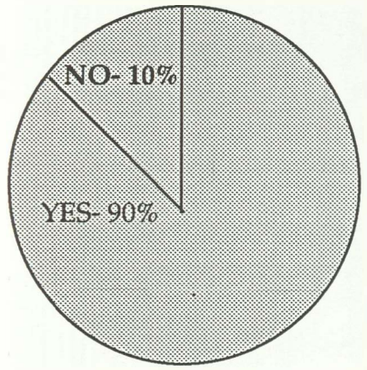
Most people with AIDS or HIV got the virus by having sex or sharing drug needles with an infected person. Few cases are found through blood transfusions anymore.

The safest protection against AIDS is not shooting drugs and definitely not having sex.

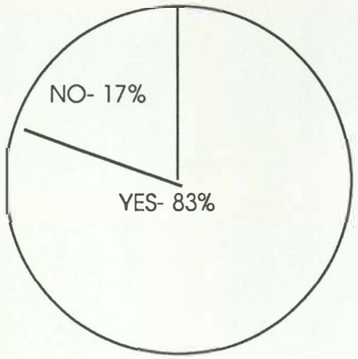
There are three positive ways to get AIDS and they are: Unprotected sex, sharing drug needles or an infected mother passes it on to the child.

by Leslie Braswell

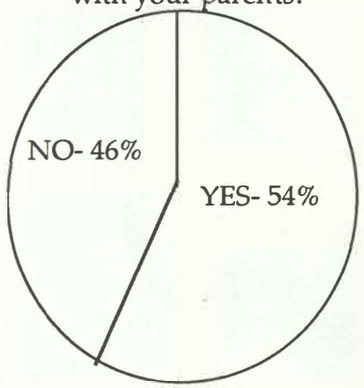
Do you know where to get birth control?



Do you know where to go if you think you have AIDS?



Can you talk openly about sex with your parents?



Do you know the symptoms of AIDS?

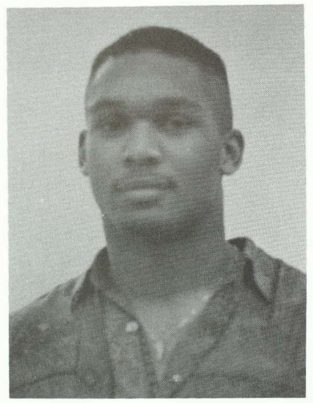
What Changes Would YOU Make?...

There are a lot of things in this world that needs changing. When some students and staff members were asked what they would change this is what they had to say:



If there was one thing I could change in this world, it would be people's belief in God.If everyone would follow the path that God wants us to take, all of the problems like AIDS, teen pregnancy, and gangs would no longer be with us.

Adrian Beard

If there was one thing in this world that I could change, it would be to make people realize that no one is superior to anyone else.

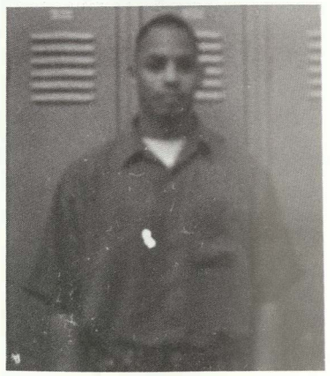
Kelly Hamilton

The one thing that I would change would be how human beings relate to one another. The world I envision would be a peaceful world, without hunger, homelessness, abuse, crime, and war.

Mrs. Gaitan

If I could change one thing in this world it would be to give everyone in the world a fair chance to express their feelings and know what it feels like to be happy and successful.

Steve Harrison

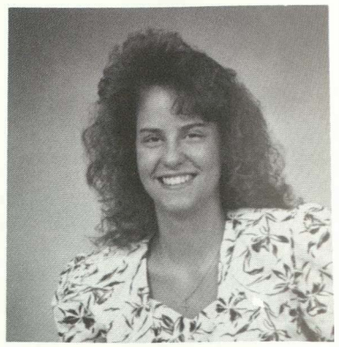


If I could change one thing in this world, specifically this country, I'd choose to open the eyes of our youth (our furture) to the disaterous road we are traveling.

Ladrian Brown

If I could change one thing in the world, it would be all the prejudices that people have towards each other. If everyone tried to get along, this world would be a better place.

Jenny Williams



Does **MY** Opinion Count?

Everyone may wonder if their opinion matters. You're opinion does count, whether it seems like it or not. It may not, however, seem like it does because most people think that it doesn't count.

We need to express our thoughts and opinions about different issues. We all need to make people listen to us and our ideas. If we give up the minute they say no, then we are defeated. If we keep on fighting, then they will be forced to listen.

So keep on fighting for your ideas and opinions to be heard!

Cross Country Team Shows Effort

I really enjoyed it. It was my second year as coach but it was my first year as head coach. It was fun.
-Mr. Rufus Black

Strong performances by Paul Her, senior, and Daniel Jackson, junior, and other returning runners anchored the team.

Running during the heat was hard, but the team put forth effort, which made it easy. The workouts consisted of running anywhere from two to six miles, stretching to insure no pulled muscles, and jogging around the school or down Minnesota Avenue. The practices lasted from 2:30 to 4:30, maybe even longer to get the team ready for League. The Boys' team consisted of Chris Keuchel, Ken Walker, Dan Jackson, Joey Zaragoza, Paul Her, Charles Reed, George Peyton, Steve Vanderkol, and Chris Whited. The Girls' team included Monica Gossett, Jami Watson, Julia Sihonsheyne, Marlene Glenn, and Cellia Lee.

Both teams were coached by Mr. Rufus Black.

Bulldog Football
An Up and Down Season

Wyandotte's first football game: varsity team chosen Channel 9's team of the Week!

The varsity football team's season started on an upbeat note. The team one their first game of the season against Blue Valley North, which was one of the reasons the Bulldogs were chosen as Channel 9's and McDonalds Team of the Week. The team received a plack, got to be on television. Tony Guess and Everett Morgan had personal interviews with Dave Stewart with Channel 9. At the end of the season, the varsity team was invited to a football banquet fot all the teams of the week.

The seventh game of the season against Shawnee Mission South (South won) was chosen as the game of the week, which appeared on local television.

The varsity football team placed third in the league.

Eric Holmes, sophomore, not only has a B average, but also has athletic ability that is influenced by his family.

Holmes' father, Woody Green, played for the Kansas City Chiefs from 1974-1980. He also was a three time All American.

Holmes commented, "My father tells me that I am not out there because he played, but because I wanted to play."

Holmes' brother, Woody Green III, Portland Oregon, sends tapes of his high school games. Green III also gives words of encouragement to Holmes about being a leader.

In middle school, Holmes' position was tail back. The past two years at Wyandotte, Holmes took the position of defensive back.

Next year Holmes would like to play the tail back position for the varsity football team.

Girls' Volleyball Team Aims High

Cutting through the competition, and reaching to the top, this years varsity volleyball team made an outstanding effort. The lady bulldogs were on there way to a terrific season.

A lot of hard work is required to achieve a winning team. A typical practice includes stretches and running 10 laps around the gym and stair jumping. After all this, then the volleyball fundamental started.

According to Pier Jackson, the tournaments were a highlight of the season. As a team, she stated, "We were a pretty strong team but the only problem we had was few of the younger players having the ambitions to succeed."

Pier Jackson, senior, is an on going athlete . She participates in varsity athletics, such as volleyball, basketball, and track. Pier has been in many other school activities, such as the Pantograph Staff Editor in Chief, A TEEN'S Hope member, and PEER helper. Pier's sophomore and junior year she performed with Wyandotte's drill team.

Pier is also an outstanding student. She has managed to maintain a 4.0 grade point average for the past three semesters.

Pier plans to attend college and go into the field of pathology, which is a branch of medicine that deals with the natures of structural and functional diseases.

Jordan *Role model of the 1990's*

Admired by All

Shoes, clothes, candy and cartoons, you name it, Micheal Jordan is on it. Micheal Jordan is a role model to everyone whether they admit it or not. Every young basketball player strives to be like Mike, on the courts, if you look close enough, you might see a tounge or two hanging out as the young player goes for a drive or the famous slam dunk.

Jordan is greatly admired for his excellent and seemingly impossible display of slam dunks. The mid-air reverse hand dunk and the side over the head dunk are just a few of his famous slams. Some admire Jordan for his ability to fly so high through the air from the free throw line.

Gerald Derrit, a junior, admires Jordan a great deal, owning 3 pairs of Nike Airs, 7 Micheal Jordan shirts, 4 jumpsuits, and every poster that Micheal Jordan has ever made. It is obvious that Gerald is a big fan of Jordan. "I would one day like to have the ups that Jordan has", says Gerald," to become an even better basketball player."

Sophomore Howard Lewis, a basketball player is also a fan of Jordan's. "I feel that Jordan is one of the most valuable basketball players in the NBA." Howard tries to be as good as possible on and off the court.

As we all know, Senior Andre Davis has them all beat in Jordan gear and on the court. He admires Jordan so much that he even cut all of his hair off, just like Jordan! In some way, Jordan has become a role model to everyone.

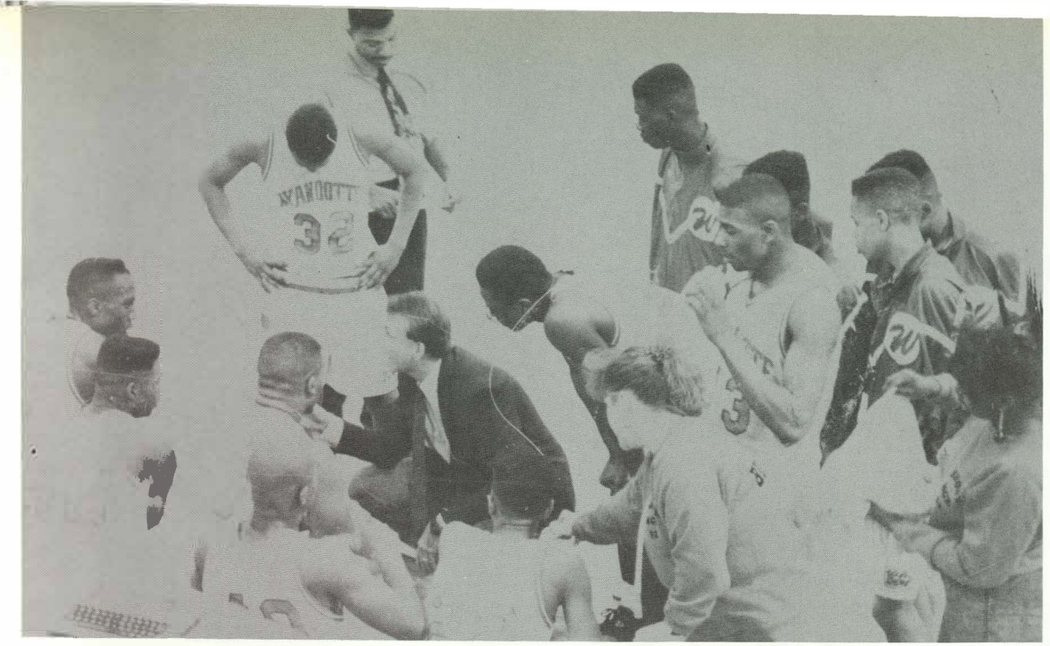
By Cornelius Boykin III

Varsity Strives for Excellence on the Court

The Bulldogs Took First in League.

Talent is what made up this year's evarsity basketball team. For the first time in three years, the team took the League Championsip with a 6-0 standing. The team participated in two tournaments, taking second (Shawnee Mission North West), and third (Blue Springs.)

According to a lot of fans, this would be Wyandotte's year for a state championship. The team was ranked in the 6A Top Ten all season long. The team was seated second at the sub-state tournament at Shawnee Mission South. The Bulldogs defeated Shawnee Mission South to end their season. Wyandotte then went into over-time for a loss againts Shawnee Mission East in the Sub-State Final. Overall the Varsiy team had a good productive season.



Communication during a time out can save a game.

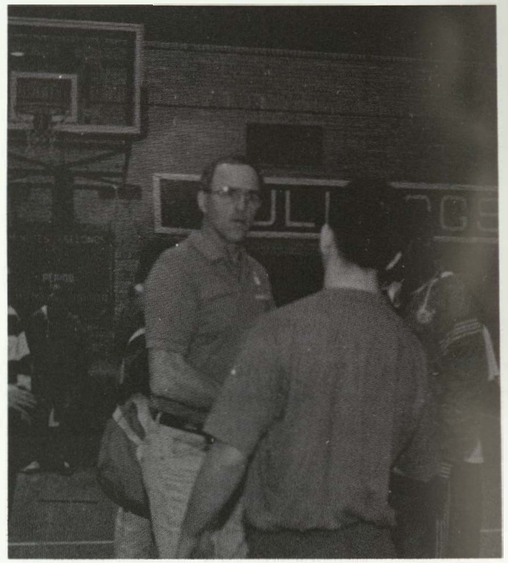
Matdogs: A Successful Season

Varsity Took First At Regional Meet!

Conratulations to Mr. Bob Brown and his matdogs for going and placing in state. This wrestling season has been a success for our talented young wrestlers, by taking first in regionals, placing eighth in state, and by doing an outstanding job
in their overall performance, it seemed as though that our boys couldn't be stopped.

In the state competition, Wyandotte had four wrestlers that placed in their weight division. Of the four were James Cheatom, who wrestles at 140, took second, Aaron Kelley, who wrestles at 135 , placed third, Randy Womack, who wrestles at 103, placed third, and Paul Lewis, who wrestles at 145, placed sixth.

With all this success, it just goes to show that practice and hard work pays off and that the BULLDOGS will always come out on top.



Coach Brown talks to one of his wrestlers after the meet.

These nine matdogs placed to go to State. They are: Paul Her, Randy Cross, Eric Thompson, Aaron Kelley, James Cheetom, Tim DuPree, Leon Hernandez, Paul Lewis, and James Saunders.

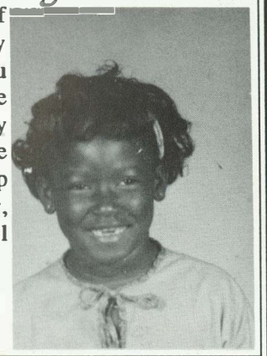
To My Daughter



Rachelle, I am very proud of you, just as proud as the day you were born. I don't tell you often enough how much I love you, but I really love you very much. It's been rough but we made it. You have grown up to be a very lovely young lady, who I am very proud to call my daughter.
Love always, Cynthia "66"

To our Daughter Tammy,

You have grown from our beautiful little girl, to our lovely young woman. You have always made us proud of everything you have done. The Lord has blessed us with you, and may He bless you always. Congratulations!

We Love You,

Mom and Dad

Tearing Through '92

Tearing Through '92. This year has gone fast for most of us. Now it's time for the seniors to look to the future, for those juniors to visit the counselors' office for scholarship applications, sophomores to decide what they want in life, and most importantly, for the freshman to find themselves.

It's time to remember the good times the whole student body shared: the pep assemblies, the hard tests, the late nights just hangin' around, who really had the most class spirit, the games we almost won, the games we did win, the friends we made along the way, and wonder how many of us actually gave the educational system a chance.
